Eagle Rental,

I, \_\_\_\_\_, take full responsibility for all incidents that may occur when renting a truck from Eagle Rental Inc. I will be responsible for any damage done to the grounds I am using the truck on and any damage done to the truck itself. I also take full responsibility when driving the truck to and from the location where I am using it, and understand that I am responsible for any auto accidents I may have, either solely or with any other vehicles involved.

I was instructed on how to use the truck before I rented it, and I fully understand and I am comfortable with operating the truck.

By signing my name, I agree to the above statement.
